Does anyone know how to take apart a sony vaió PCG-9P6L or can you inform me how tó reinstall my graphics card.. I proceeded to go to the ati site to download a motorist update but nothing of them would work.. The pc crashed recently therefore i reformatted the difficult get and reinstalled windows xp home eddition but now my ethernet card and my graphics credit card cant be discovered.. I acquired the same worry but I've simply installed 10 8 2 on my SVE1711X1EM without an unlocked BIOS.

Assuming you possess windows set up on right now there, go to Device Manager ->IDE ATA/ATAPI controllers and appear for something identical to 'Intel (Ur) 7 Series Chipset Family members SATA AHCI controller' I learn that if you have that then you are usually currently in AHCI mode.. Im not really possitive but i think the cards will be a ATI RAGE Flexibility (SONY). [Aria Core Library Download](#)
